Coin Consumption

Low

Operational Costs

Short

Payback Period

Low

Failure Rate

GM Technology is a comprehensive arcade game equipment supplier with specialization in manufacturing, sales, and operations. With 16 years of deep-rooted involvement in the amusement industry, we have not only honed our skills in the production and sales of equipment but have also garnered rich operational experience. This allows us to comprehend the complex relationship between players and equipment.

We manage professional manufacturing plants and a growing network of arcades. Capitalizing on the unique supply chain advantages of Guangzhou, China, coupled with our factory's superior R&D and manufacturing capabilities, we produce and distribute innovative, unique, and high-quality arcade products that have garnered popularity in the international market.

We recognize the crucial role of product cost recovery cycles and exceptional product quality in the amusement industry. Therefore, we pay close attention to factors such as coin consumption, operational costs, payback period, and failure rate of our products. The products we recommend to

our customers are high-revenue offerings that have been market-tested and proven. Our material and process standards significantly surpass industry norms, resulting in equipment that is incredibly robust and durable, with an exceptionally low failure rate.

Most of our products are unique in the market. We hold complete intellectual property rights over the appearance, gameplay, and code of our products. It's challenging to find similar high-quality alternatives in the market. To ensure our machines maintain their popularity and profitability, we persistently incorporate valuable feedback from our own arcade outlets and customers, continually refining our products to enhance their sophistication, reliability, and durability.

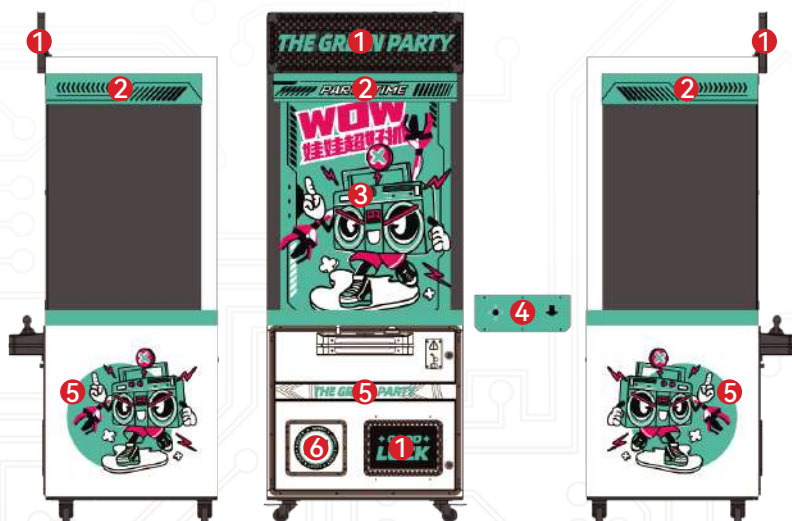

"Providing customers with the best choice" is our guiding principle. When you choose us, you're choosing a reliable, responsible, and professional amusement equipment supplier.

Claw Machines

Custom Designed Claw Machines

At GM Tech, our claw machines support full exterior customization. You can personalize your machine with illuminated logos, decorative stickers, and lighting colors of your choice. Once everything is in place, you'll find that this dazzling machine becomes a powerful tool for showcasing your brand.

- 1 Luminous characters
